

VACANCY

Fouriesburg Area, Free State

CONSTRUCTION EQUIPMENT OPERATOR

Key Responsibilities:

- Operate equipment such as TLBs, bulldozers, graders, excavators and dump trucks
- Perform earthmoving, leveling, excavation, road maintenance, and site preparation
- Assist with construction and maintenance of farm infrastructure (roads, dams, drainage, etc.)
- Conduct daily equipment checks and basic maintenance
- Work effectively with the maintenance and operations team to complete projects
- Report mechanical issues or hazards promptly

Requirements:

- Proven experience operating TLBs, bulldozers, graders, excavator or dumpers
- Valid operator certifications/licenses where applicable
- Strong understanding of machinery and site safety procedures
- Ability to work independently and follow instructions accurately
- Physically fit and able to work outdoors in varying conditions
- Reliable, responsible, and safety-conscious
- Valid driver's license

Stable, full-time position with the opportunity to work on a variety of farm and construction projects. Skills development and long-term growth opportunities.

Competitive salary (experience-related)
